Our ACR® product lines include L43 Crack Filler, Concrete & Masonry Etch, Emulsifying Cleaner, Accelerating Agent, Crack & Void Treatment, Concrete & Masonry Cleaner, PolySeal Sealant S+, Polymembrane Flashing, Ceramic Granules, and Rust Converter & Inhibitor.

ACR® CRACK & VOID TREATMENT ⌄

ACR® Crack & Void Treatment is an acetic based solution designed to be used as a part of Alchemco's Waterproofing Systems. ACR Crack & Void Treatment increases the effectiveness of these products to seal small cracks and voids in the concrete. This product should only be used in combination with these products for cracks and voids in the concrete surface. Do not use for general applications.

ACR® Alchemco Clean & Repair ⌄

Integrate our complete line of ACR System Accessories & Maintenance Products with TechCrete® Systems, BridgeDECK® Systems & CretePro® Systems, to achieve the maximum protection available for your concrete projects!

These cost-effective repair and maintenance products provide your projects with the absolute best sustainable products available in the marketplace today. Give us a try

ALCHEMCO

Alchemco products are changing the market's perception of what 'long-term' waterproofing protection means. Why build structures with a design life of 50-100 years then protect them with products that are designed to only perform for 5-10 years?
